

very important. I thank the gentleman for his amendment.

Mr. GUTKNECHT. Mr. Chairman, I yield 1½ minutes to the gentleman from Minnesota (Mr. KENNEDY).

Mr. KENNEDY of Minnesota. Mr. Chairman, I rise today in strong support of this amendment offered by my good friend, Mr. GUTKNECHT. This amendment fixes a pay disparity currently affecting almost 400 Minnesota National Guard, men and women, serving in Iraq. These members of the 1st Platoon Bravo Company were previously on active duty in 2003, some in Bosnia and some in Kosovo, and I was pleased to be able to visit them with Mr. GUTKNECHT.

However, unlike the soldiers that served in Kosovo, the Bosnia contingent is not eligible for the extra \$1,000 a month incentive pay based on the circumstances of their mobilization.

This technicality will cost these soldiers and their families up to \$7,000. That is simply unfair and must be corrected. That is why I support this amendment which directs the Army to fix this disparity so those who have equally sacrificed for their country receive equality of pay.

Again, I thank Mr. GUTKNECHT for his leadership on this issue.

Mr. GUTKNECHT. Mr. Chairman, I will be very brief.

I want to thank my colleagues from Minnesota for helping to resolve this inequity. I want to thank the gentleman from Connecticut and my colleagues from Arkansas.

In the big picture, when we were talking about spending hundreds of billions of dollars, \$7,000 for these families does not seem like a lot of money in the big picture. But to those families, \$7,000 is extremely important. So I appreciate your support tonight to make certain that we have equity and create a solution for this problem that is fair to all of the folks who are proudly serving us in uniform wherever in the world, but particularly in Iraq.

Mr. PETERSON of Minnesota. Mr. Chairman, I rise today to support the Gutknecht amendment along with my fellow MN Colleagues.

In January these soldiers wrote to me and every member of the MN delegation asking for help. And I believe as their representatives we have an obligation to address their concerns.

This amendment will correct a technicality that is affecting 400 Minnesota National Guardsmen who are now serving in Iraq. And who knows how many other hundreds or even thousands of reservists all over the country have fallen victim to a similar technicality.

Most of these soldiers had previously served on active duty in 2003, some in Bosnia and the others in Kosovo. The two groups were activated by different orders and now both of these groups are activated together under the same order in Iraq.

The soldiers who served in Bosnia are not eligible for the extra \$1,000 per month in incentive pay because their tours cannot be added together due to a mere technicality.

This issue is about fairness. Unless something is done to change this Army policy, these soldiers and their families will lose out on \$6,000 to \$7,000 in extra pay. They are making a huge sacrifice for our country and this is the least we can and should do for these men and women.

Mr. RAMSTAD. Mr. Chairman, I rise today in strong support of this important amendment, which seeks to end a pay disparity for our brave men and women who are serving in harm's way.

Today, Mr. Chairman, Minnesota National Guard troops are serving in the War on Terror in Afghanistan and Iraq, with more than 3,000 citizen soldiers recently called to service in support of Operation Iraqi Freedom.

As my colleague has previously explained, at least 400 of these 3,000 Minnesotans in Iraq will not be receiving the same pay as many others in their unit.

These are troops who have now bravely served our country in two foreign theaters. These troops not only deserve our utmost respect and gratitude, they also deserve their full compensation for their service and sacrifice.

Mr. Chairman, the Minnesota National Guard truly represents the very best of duty, honor and country. I join the people of the Third Congressional District in thanking our Guard members for their selfless service.

And I'd like to thank my colleague from Minnesota for sponsoring this important amendment and thank all my colleagues from the Minnesota delegation for cosponsoring the amendment and working to end this pay disparity.

I urge my colleagues to support this important amendment.

Mr. GUTKNECHT. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN (Mr. DUNCAN). All time for debate having expired, the question is on the amendment offered by the gentleman from Minnesota (Mr. GUTKNECHT).

The amendment was agreed to.

The Acting CHAIRMAN. No further amendment being in order, under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. INGLES of South Carolina) having assumed the chair, Mr. DUNCAN, Acting Chairman of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 5122) to authorize appropriations for fiscal year 2007 for military activities of the Department of Defense, to prescribe military personnel strengths for fiscal year 2007, and for other purposes, had come to no resolution thereon.

#### ENCOURAGING ALL ELIGIBLE MEDICARE BENEFICIARIES TO REVIEW AVAILABLE OPTIONS TO DETERMINE WHETHER ENROLLMENT IN A MEDICARE PRESCRIPTION DRUG PLAN BEST MEETS THEIR NEEDS FOR PRESCRIPTION DRUG COVERAGE

Mr. DEAL of Georgia. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 802) encouraging all eligible Medicare beneficiaries who have not yet elected enroll in the new Medicare Part D benefit to review the available options and to determine whether enrollment in a Medicare prescription drug plan best meets their current and future needs for prescription drug coverage.

The Clerk read as follows:

H. RES. 802

Whereas Medicare now offers a prescription drug benefit for its beneficiaries, known as Medicare Part D;

Whereas more than 35,900,000 Medicare eligible individuals are receiving prescription drug coverage, of which there are more than 27,000,000, including a substantial number of low-income and minority beneficiaries, receiving coverage through the new benefit;

Whereas 8,100,000 beneficiaries have enrolled in stand alone Medicare prescription drug plans;

Whereas estimates indicate that the average beneficiary will save more than \$1,100 this year alone by enrolling in a Medicare prescription drug plan;

Whereas the average monthly premium for enrolling in a Medicare prescription drug plan is now just \$25 per month, which is far below the initial estimate of \$37 per month;

Whereas recent surveys of Medicare beneficiaries enrolled in Medicare prescription drug plans indicate that beneficiaries are satisfied with their coverage;

Whereas advocacy groups including the AARP, National Alliance for Hispanic Health, the National Medical Association, and the National Council on Aging have all sponsored enrollment events designed to encourage eligible beneficiaries to enroll in Medicare prescription drug plans;
